The Library is Open

Submitted by Karen Jones

Thanks to the many volunteers whose hard work resulted in getting the library up and running. Many boxes of books were emptied, sorted and weeded. Users can now find the books categorized into mysteries, romance, fiction, biographies, classics, large print, military/war, westerns, religion, animals/nature and cookbooks. All sections are color coded and alphabetized by author for easy access. Some of the weeded books were sold and others were donated to various organizations. Also available are many selections of magazines. The children's collection includes sections on animals, science fiction, alphabet, mysteries, easy - readers, toddlers and many more. When patrons use the library, all that is needed is a signature and date on the guest register. No time limit on borrowing or returning materials will be required. This room can also be used as a meeting room. To schedule it, please contact Fran Moxley at 740-985-4492 or leuces@windstream.net.

The library is open and available when the Center is open. Please come by, take out your favorite books and authors and enjoy!!!

How to Support the Shade Community Center

Two (2) ways that you can support the Shade Community Center, without extra cost to you, were presented at the March meeting. These are the Kroger Rewards program (which at one time generated significant donations to the SCCA) and the AmazonSmile rewards programs.

Kroger Rewards: To enroll and to designate your rewards to be donated to the SCCA:

Go to Kroger.com. Click on "Community", then "Kroger Community Rewards". Sign in to your account. (If you do not have a Kroger account/Kroger Plus Shopper's Card, then you need to create one.) Select "Enroll Now", then "Enroll". Type "Shade Community Center" in the search box, and click "Search". Select the bullet for the Shade Community Center Association" and "Enroll".

AmazonSmile Rewards: If you order items from Amazon now, the only difference is that you sign in to smile.amazon.com instead of amazon.com to order. To use, **go to smile.amazon.com.** Sign in with your email and password as you normally do. You will see that they have so-called spotlight charities. To have your donation go to the SCCA, type "Shade Community Center" in the "Or Pick Your Own Charitable Organization" box. Then select the "Shade Community Center Association" (which is listed for Athens, Ohio), and start shopping as usual.

Fish Fry Fridays were a success this Spring! The Events Committee held fish fries on March 3rd, 17th and 31st and April 14th. Shade Community Market Reopens

Friday, May 7, 2017, 3:00 p.m.

Submitted by Gini Coover

Garden, herb, berry, and flower plants will be available again from Gini's Greenhouse, along with early vegetables. Wooden toys and puzzles will also be available. A larger selection of products are being sought this year with potential vendors selling baked goods, vegetables, meat, or honey. The Market has been restructured to make it easier for vendors to sell small amounts of products on a regular or occasional basis. Located at the Shade Community Center in Shade, Ohio, the market will open Friday, May 5, 2017, 3-7 pm. and will continue each Tuesday and Friday 3-7 pm through July and longer if enough interest is created for its extension.

All local growers, producers, and crafters are welcome until spaces are filled. No fee will be charged to small vendors who can share stalls if interested. Potential vendors must call 740-594-4147, **in advance**, to sign a vendor agreement and receive an assigned vendor location.

Come and help support the market's second year as the Shade Community Center encourages economic development at the grass roots level. Help connect vendors of locally grown and freshly prepared foods, and personally crafted items with local community members.

Come join us in this exciting opportunity!

Spring Bazaar

The second annual Spring Bazaar was held on April 8th with 22 vendors participating. Thank you to the following volunteers: Jerry and Tammy Foster, Brenda Ruth, Gail Jordan, Grace Dorst, Roberta Henderson, Tere Sager, Norm Shaner, Nikki Foster, Fran Moxley and George Benz.

Intercontinental Ballistic Missiles

Submitted by Gail Jordan and Brenda Ruth

In the 60's, member Walter Jones lived with Intercontinental Ballistic Missiles. Walter told of his experiences in California and Kansas at the March meeting of the Shade-Lodi History and Genealogy Association. He showed slides explaining the missiles, their liquid oxygen and jet fuels, and how they were maintained. He described the sites, including powerhouse and control center, where the missile silos were kept ready for launch if ever needed. The ICBMs were a deterrent force and fortunately never were fired. The warheads on the Titan II missiles were twenty times as powerful as the atomic bomb that was dropped on Hiroshima.

The site was a large complex of tunnels, where Walter lived under ground. He mostly walked and climbed to get around and was on six hours, then off six hours. The tunnels were deep, as the missiles were over one hundred feet tall. It was difficult to go outside in the sunlight after so long with only mercury vapor lighting. Once he had to be evacuated after getting ptomaine poisoning from bad spaghetti sauce. All in all it was a fascinating presentation.

Using DNA to Help Search Your Family Tree

Submitted by Gail Jordan and Brenda Ruth

Dr. Rose M. Isgrigg presented the program at the April meeting of the Shade-Lodi History and Genealogy Association. She related DNA and genes to inherited traits and explained how in humans mitochondrial DNA is inherited solely from the mother, that is matrilineal inheritance. This is analogous to the patrilineal inheritance where Y chromosomes of males are inherited solely from the father.

She compared the kinds of information that are obtained by DNA tests from Ancestry, 23andMe, and MyHeritage. She showed how one can learn about people related to you, even distant cousins, after having your DNA tested. Other information that can be learned is the percentages of your ethnic ancestry, as well as possible inherited disorders.

Cook's Corner

Cut-Out Cookies

Submitted by Tammy Foster

3/4 cup butter, softened
1 cup sugar
2 eggs
1 teaspoon vanilla
2 3/4 cups all-purpose flour
1 teaspoon baking powder
1/2 teaspoon salt

In a large mixing bowl, cream butter and sugar until light and fluffy. Add eggs and vanilla; mix well. Combine the flour, baking powder and salt; gradually add to creamed mixture and mix well. Chill for 1 hour or until firm.

On a lightly floured surface, roll out dough to 1/4 inch thickness. Cut out with cookie cutters of your choice. Using a floured spatula, transfer cookies to greased baking sheets. Bake at 375 for 8-10 minutes or until lightly browned. Cool completely on wire racks. Ice when cool.

Icing recipe

1 cup confectioners' sugar
2 teaspoons of milk
2 teaspoons of light corn syrup
1/4 teaspoon almond extract

In a small bowl, stir together confectioners' sugar and milk until smooth. Beat in corn syrup and almond extract until icing is smooth and glossy. If icing is too thick, add more corn syrup.

Divide into separate bowls, and add food colorings to each to desired intensity. Dip cookies, or paint them with a brush. Icing dries hard and shiny.
